## White Fleet IV - DIVAS Eurozone Value R (CHF) acc., a Share Class of White Fleet IV - DIVAS Eurozone Value

**Management Company**  
ISIN

MultiConcept Fund Management S.A., Luxembourg  
LU1975717999

### Objectives and investment policy

This Equity Fund is actively managed aiming to achieve a capital appreciation by investing in equities issued by Eurozone countries over a long-term. The Fund might also invest up to one third of its assets in equities or equity-type instruments of the issuers having their registered offices in developed countries but outside Eurozone. The Fund, occasionally may hold up to 20% of its net assets in very liquid investments like cash or money market instruments. The

Fund may use derivative instruments to protect against currency fluctuations, market movements or for efficient portfolio management. This Share Class does not make regular distributions. The Fund shall bear the costs of portfolio transaction charges which are not included in the "Charges" section of this document.

### Risk and reward profile

#### Risk profile

The Fund's risk and reward profile shows the variations in value an investment in this Fund would have undergone over the past five years, whereby simulated performance data is used in the case of missing history. The Fund's risk rating may change in the future. Please note, higher possible gains generally also mean higher possible losses. The lowest risk category does not mean that the Fund is risk free.

#### Why is the Fund in the specific category?

Amongst other, equity prices mainly reflect the expected prospects of firms, as estimated by market participants. Expectations tend to fluctuate more strongly in times of higher uncertainty.

#### Are there any other particular risks?

The Fund's risk and reward profile does not reflect the risk inherent in future circumstances that differ from what the Fund has experienced in the recent past. This includes the following events which are rare but can have a large impact.

- **Credit risk:** Issuers of assets held by the Fund may not pay income or repay capital when due. The Fund's investments have low credit risk.
- **Liquidity risk:** Assets cannot necessarily be sold at limited cost in an adequately short timeframe. Part of the Fund's investments may be prone to limited liquidity. The Fund will endeavor to mitigate this risk by various measures.
- **Counterparty risk:** Bankruptcy or insolvency of the Fund's derivative counterparties may lead to payment or delivery default.
- **Operational risk:** Deficient processes, technical failures or catastrophic events may cause losses.
- **Political and Legal risks:** Investments are exposed to changes of rules and standards applied by a specific country. This includes restrictions on currency convertibility, the imposing of taxes or controls on transactions, the limitations of property rights or other legal risks.

### Charges

One-off charges taken before or after the investment	
Entry charge	Not applicable
Exit charge	Not applicable
Switch charge	Not applicable
This is the maximum amount that may be deducted from the investor's money before it is invested or before the proceeds of the investment are paid out.	
Charges debited to the Fund over a year	
Ongoing charge	1.70%
Charges debited to the Fund under certain specific conditions	
Performance fee	10% of any excess return the NAV achieves over the High Water Mark

Charges debited to investors are used to pay for the cost of running the Fund, including marketing and distribution costs. These charges reduce the potential growth of the investment.

The **entry** and **exit charges** shown are the maximum figures that can be charged to the investor. Investors may obtain the fees effectively applied from their individual financial adviser or distributor.

For a maximum of 12 months from April 15, 2019, the **ongoing charges** figure is based on estimated expenses. From April 2020, the ongoing charges figure is based on last year's expenses for the year ending April 2020. This figure may vary from year to year. It excludes performance fees and portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling shares/units in another collective investment undertaking.

The Investment Manager is entitled to a **performance fee** if the net asset value (NAV) of the Fund exceeds a predefined reference value, subject to additional conditions set forth in the prospectus. A performance fee may be charged and paid, based on the NAV calculation, even if at the end of the financial year the NAV of the relevant share/unit class is lower than it was at the beginning of the year. For further information about charges, investors should refer to chapter 8 of the Fund's prospectus, which is available at <https://www.credit-suisse.com/microsites/multiconcept/en.html>.
